

Review the whole patient encounter in one screen

What is Rapid Review?

Rapid Review offers a quick way to assess a patient encounter without the need to navigate through each step of the encounter. This helps the **OD save valuable time** when:

- ▶ Preparing to see a patient
- ▶ Double-checking an encounter for completeness
- ▶ Signing off on unfinished encounters at the end of the day

Rapid Review

02/04/2025 - Comprehensive Encounter LAST EXAM

Daniels, James, SR, MD "Jay" (jeymz) #167 BCBS (Primary - Medical) VSP (Primary - Vision)

History / Pre-Tests Exam Recap Assessment And Plan
